List of Old CSSBI Publications

Introduction

Over the years the CSSBI has published a variety of bulletins and standards on numerous topics. Many of these publications are still being used in the industry, even though they may be obsolete or replaced by another publication.

The purpose of this Fact Sheet is to list all of the old CSSBI publications that are no longer in print and indicate whether they have been withdrawn completely or replaced by another publication. For a complete list of current CSSBI publications, visit our web site at www.cssbi.ca

The CSSBI has file copies of these old publications and can provide photocopies if necessary for forensic purposes.

Standards

11M-81	Standard for Steel Floor Deck, June 1981 (No. 38.12-76) Replaced by 12M
40M-80	Standard for Steel Farm Buildings, September 1980 (No.38.120-80) Withdrawn
41M-81	Code of Standard Practice for Steel Farm Buildings, April 1981 (No. 32.120-81) Withdrawn
50M-87	Lightweight Steel Framing Manual, August 1987 Withdrawn
52M-91	Lightweight Steel Framing Binder LSF publications are not longer sold as a set - Withdrawn
54-94	Introduction to Residential Steel Framing, September 1994 Withdrawn

Material Specifications

101/101M-84	Zinc Coated Structural Quality Steel Sheet for Steel Deck, June 1984 Withdrawn
201/201M-84	Aluminum-Zinc Alloy (AZ) Structural Quality Steel Sheet for Steel Deck, June 1984 Withdrawn
301/301M-84	Electrolytic Zinc Coated, Chromate Treated, Structural Quality Steel Sheet for Steel Deck, August 1984 Withdrawn

Information Bulletins

No. 1	Painting Galvanized Steel, September 1964 Replaced by Sheet Steel Facts #4
No. 2	Design Snow Loads, October 1968 Replaced by B15
No. -	Steel Building Systems: Snow Load Design Criteria for Arena-Type Assembly Buildings, March 1973, Revised October 1974, Reprinted August 1977 Replaced by B15
No. 3	Diaphragm Action of Cellular Steel Floor and Roof Deck Construction, December 1972 (No.18.8-72) Replaced by B13

- No. 4 Snow Load Design Criteria for Steel Building Systems, February 1978 (No. 18.38-78)
Replaced by B15
- No. 6 Snow Load Design Criteria for Low Human Occupancy Steel Farm Buildings, March 1981
(Reprinted October 1983) (No. 18.120-81)
Withdrawn
- No. 5 Metric Practice Guide: Steel Deck and Cladding, December 1978 (No. 18.26-78)
Withdrawn
- No. 7 Snow Load Design Criteria for Steel Building Systems, October 1982 (No. 18.7-82)
Replaced by B15

Technical Bulletins

- No.1 ASTM A-446-60T, Grade A, Steel
Withdrawn
- No.2 Sheet Metal Gauges
Replaced by Sheet Steel Facts #10
- No. 3 Zinc-Coated (Galvanized) Sheet Steel for Structural Building Products, June 1974 (No. 40.3-74)
Replaced by Sheet Steel Facts #6
- No. 4 Stainless Sheet Steel for Structural Building Products, March 1976
Withdrawn
- No. 5 Coated Galvanized Sheet Steel for Exterior Building Products, October 1974 (No. 40.5-74)
Replaced by Sheet Steel Facts #6
- No. 6 Metric Zinc Coated (Galvanized) Sheet Steel for Structural Building Products, October 1979
(No. 40.6-79)
Replaced by Sheet Steel Facts #6
- No. 7 Prefinished and Post-Painted Galvanized Sheet Steel for Exterior Building Products, October 1979
(No. 40.7-79)
Withdrawn

Bulletins

- No. 6 Recommended Installation Procedures for Steel Farm Cladding (Roofing & Siding), April 1986
Replaced by S14
- No. 7 Snow Load Design Criteria for Steel Building Systems, May 1986
Replaced by B15
- No. 9 Care and Maintenance of Prefinished Sheet Steel Building Products, August 1983
Replaced by Sheet Steel Facts #3
- No. 10 Wind Load Design Criteria for Steel Building Systems, January 1985
Replaced by B15
- B11-89 Criteria for the Design and Installation of Double Skin Insulated Steel Roofs, May 1989
Withdrawn
- B12-90 Thermal Resistance of Double Skin Insulated Sheet Steel Walls & Roofs, February 1990
Withdrawn
- B14-93 Steel Roofing and Siding Installation Guide, January 1993
Replaced by S14
- B16-94 Prefinished Sheet Steel for Building Construction, January 1994
Withdrawn

Special

- S1-82 Buyer's Guide for Farm Buildings, February 1982 (No.14.120-82)
Withdrawn
- S4-87 Owner's Guide to Maintaining Steel Recreation Buildings, May 1987
Withdrawn
- S7-90 Criteria for Conducting and Recording Small-scale Tests of Steel Stud Wall Panels, December 1990
Withdrawn

For More Information

For more information on sheet steel building products, or to order one of the publications listed above, contact the CSSBI.
